

GERMAN ARMIES CONTINUE ADVANCE

FORCING BACK FRENCH AND BRITISH TROOPS ON NEARLY EVERY SECTOR

French Still Hold Tenaciously to Western Environs of Fortified Town of Soissons—Teutons Claim to Have Taken 25,000 Prisoners, Including Two Generals

(By Associated Press.) In their violent attacks on the thirty mile battle front running from Soissons eastward to the region northwest of Rheims, the German armies are continuing to force back the French and British on nearly every sector. The fortified town of Soissons, the extreme left flank of the allied battle line, has been occupied by the enemy, although the French are still holding tenaciously to its western environs thru which emerge the railway leading to Paris and Compeigne.

According to the German official communication 25,000 prisoners, among them a French and British general, have been taken and numerous additional towns and vantage points all along the front have been captured. Seemingly Rheims, like Soissons, also is doomed to fall into the hands of the enemy as the French war office reports that the troops covering the famous cathedral town, which almost daily for several years has been the target for shells of hate from the German guns have been withdrawn behind the Aisne canal northwest of town.

On the sector directly southeast of Soissons the Germans now are fighting relatively twelve miles from where they started their drive Monday from Vauxaillon, while further east near Loupeigne and in the center in the vicinity of Savigny, wedges have been driven in a depth of approximately fifteen miles.

The Germans continually are throwing fresh divisions into the battle but the British and French troops are keeping up their tactics of giving ground only when it is impossible longer to hold positions under the tremendous pressure of the enemy. Heavy casualties are being suffered by the army of the German crown prince while the losses of men to the allied forces are described as relatively light.

Although unofficial reports have mentioned the rushing up of re-inforcements from the south, there has as yet been no official statement that General Foch is sending in his reserves.

Of almost as great interest as the Aisne battle is the situation around the little town of Cantigny where the Americans made a notable gain in their first "solo" attack against the Germans Tuesday. Numerous counter-attacks have been launched against the Americans holding Cantigny and the outlying positions, but all of them have met with the same failure and the loss of many men killed or wounded. Evidently the Americans are prepared to dispute to the last degree their occupancy of the high ground they have won over-looking the plateau east of Cantigny. Unstinted praise has been

showered upon the Americans by military officers for the dash and daring they have showed when they left their trenches and started out in quest of their objective.

Still another defeat has been inflicted on the enemy by the Americans—this time far to the east, in the Toul sector. Here the Germans let loose large quantities of gas near Bremenil and delivered an attack which the Americans shot to pieces with machine guns. Later on another sector under a heavy barrage fire fourteen Germans managed to invade an American trench. None of them returned. In hand-to-hand fighting nine of the Germans were killed outright and one died later from his wounds. The other four were made captives.

In Flanders and Picardy the Germans are heavily bombarding French and British positions on various sectors and raiding operations are being carried out by both sides. No big battle has been begun. The British transport Leasowe Castle has been sunk by a submarine in the Mediterranean with the loss of 101 persons drowned.

ASKS RAIL MEN TO REMAIN AT WORK

McAdoo Says New Board on Railroad Wages Will Take up Mechanics Application for Increase Next Week With Speedy Action.

Washington, May 29.—Upon receiving word today that Mechanics and shopmen of the Rock Island and other railroad were threatening a strike next Monday for higher wages than Director General McAdoo's recent order authorized the railroad administration asked the men by telegraph to remain at work and announced that the new board on railroad wages and working conditions would take up the mechanics' application next week and give a decision as soon as possible.

The same word was sent to a number of other complaining labor organizations thruout the country. Officials said few men would leave their work pending further consideration of their claims by the wage board which is expected to meet here Monday. Most of the strong protests have come from local organizations which did not understand that further delay of the wage scale might be made after investigation.

Railroaders' Demands. Rock Island, May 29.—Acting in conjunction with the railroad shop craftsmen of the thirty four big railroad systems of the United States, the employees of the Silvis shops of the Rock Island railroad have presented demands for wage increases, an eight hour day and time and a half for overtime, threatening to strike Friday noon unless their demands are met according to S. M. Mullenix, superintendent of the shops to whom the workers presented their ultimatum. The declaration to strike was made by the workers, it is said, after they had sent a protest to Director-General McAdoo of the railroad voicing their dissatisfaction with the new pay increases as announced by him and charging that the new wage scales showed an unfair discrimination against railroad shop craftsmen.

Similar action is understood to have been taken by the shop workers of the other large systems. According to the pay increases announced by the director general the shopmen are to receive 55 cents an hour instead of 53 cents as heretofore.

The men in their demands to Superintendent Mullenix ask 75 cents.

Since the first of the week the work at the Silvis shops has practically been at a standstill and today it came to a complete halt while the workers held a mass meeting preparatory to Friday's walkout. The strike, if carried out, will affect several hundred workers at the Silvis shops.

CHICAGO, May 29.—Two University of Chicago athletes, Stewart Cochran, right tackle on the football team and Bradford Smith, baseball shortstop, today entered the school for ensigns here.

MISS GRACE LUSK GUILTY OF SECOND DEGREE MURDER

Defendant Attempts To Strangle Prosecuting Attorney Tullar

(By Associated Press.) WAUKESHA, Wis., May 29.—"It's a lie, it's a lie, against me! He lied! He lied!" Grace Lusk screamed as she sprang at the throat of D. S. Tullar, acting district attorney tonight after a jury had found her guilty of second degree murder at her trial for slaying Mrs. Mary Newman Roberts.

Grasping the throat of Mr. Tullar, who is more than sixty years old, at both hands, she shook him back and forth in his chair at the counsel table until several men dragged her away. Then she faintly.

Recovering several minutes later her aged father and one of her attorneys attempted to lead her from the court room but she struggled with them, her hair unfastened tumbling about her face, as she was half dragged away.

"That man's son of a b—, he lied! He lied my life away. Maurice Tullar swore my life away." Several hundred spectators, mostly women, wept during the outbreak. The twelve men on the jury, who after nearly five hours of debate had just returned the verdict, were sent to the penitentiary for from 14 to 25 years in their places with pale faces. During the second outbreak the jurors shrunk away from Miss Lusk as she was led screaming past the jury box.

Maurice Tullar, now in a sanitarium because of ill health, is the district attorney of Waukesha and at the trial swore that four days after the shooting of Mrs. Roberts he obtained a statement from Miss Lusk in which she said she realized why she had shot Mrs. Roberts, but could not understand how she had done it "so calmly and deliberately."

D. S. Tullar, was appointed special prosecutor at the trial by his son, who was unable to act because of his illness.

What Verdict Means. The verdict means imprisonment from 14 to 25 years. Miss Lusk collapsed when the jury retired and her condition became such on returning to the jail that it required nearly half an hour to return her to the court house when the jury reported a verdict at 9:40 o'clock. The jury retired for deliberation at 5:27 p. m. and four hours later informed Judge Luck that a verdict had been reached. The judge sent for the court officers and ordered Miss Lusk brought from the jail. When the slayer of Mrs. Roberts was finally half carried into the court room she was unable to sit alone. Another delay was caused by absence of the clerk from the court reporter. Miss Lusk becoming more nervous each moment.

Take Ten Ballots. When the case was given to the jury at 5:27 tonight, they reached a verdict after ten ballots.

Miss Lusk who had shown little emotion during the day while she had listened to the final arguments to the jury of James Clancy for her defense and Mr. Corrigan sobbed hysterically. She was almost dragged the short distance to the jail by her father and a woman friend. In her cell, she broke down so that it was only after restoratives were given that she was able to go back to the court room when the jury announced it was ready to report at 9:40 p.

After the foreman of the jury, W. H. Meadows, 72 years old, a retired merchant, had read the verdict, Miss Lusk leaned her head against her father's shoulder for a moment, then slowly rose to her feet, walked around the counsel table until she confronted Mr. Tullar, throwing herself at the aged man with a cry which could be heard in every part of the building. Judge Luck immediately adjourned court.

At midnight Miss Lusk was resting quietly in her cell under the influence of opiates.

Mrs. Roberts was shot and killed by Miss Lusk in the latter's home the afternoon of June 21, 1917. The tragedy followed a friendship extending back to the summer of 1914 between Dr. David Roberts, a former state veterinarian and nationally known as a manufacturer of proprietary medicines for cattle, and Miss Lusk who had won distinction as an educator after having taken a degree at the University of Wisconsin. At the time she met Dr. Roberts she was a teacher in the Waukesha Normal school.

After slaying Mrs. Roberts, Miss

Lusk fired two bullets into her own body with the intention of ending her life but later recovered. She had been held in Waukesha jail. Her trial on a charge of murder began May 13. Previously she had entered pleas of not guilty and of insanity.

Judge's Final Instructions. Judge Martin Luck in his final instructions indicted five possible verdicts as follows: 1. First degree murder if malice and premeditation were shown. This carries life sentence in the penitentiary.

2. Second degree murder covering assaults with a deadly weapon, due to a degraded mind, carrying a sentence of from 14 to 25 years in prison.

3. Manslaughter in the third degree covering a slaying done in the heat of passion, the penalty for which is from 2 to 6 years in prison.

4. Not guilty if there were any reasonable doubt in the minds of the jury as to whether Miss Lusk killed Mrs. Roberts.

5. Not guilty because insane if it were decided that the defendant was unable because of a diseased mind to distinguish between right and wrong at the time of the shooting. This would commit her to the state asylum.

Walter D. Corrigan, for the prosecution and James Clancy for the defense delivered the closing arguments in the trial which began on May 13.

Mr. Corrigan declared neither Dr. David Roberts, nor Miss Lusk was on trial for their relationship and that the only question to be decided was responsibility for the death of an innocent woman. He declared that a motive was given in the letter the school teacher had written where she had referred to the "elimination" of the third party in the eternal triangle and to her desire to replace Mrs. Roberts on the throne she occupied as the doctor's wife.

Mr. Corrigan argued that the words and actions of the definite proves her sane at the time of the shooting. He read the note she wrote it after the tragedy in which she said:

"May God forgive me, and her statement four days later to three witnesses that she realized what she had done, but could not understand how she did it so calmly and deliberately."

Mr. Clancy cited stories told on the witness stand by Miss Lusk and Dr. Roberts as the best proof the defendant was insane, adding that a witness of her admitted social and educational attainments would be incapable of the things revealed if she were sane. He referred to the mental taint in her family and nervous breakdown shortly before she met Dr. Roberts late in 1913, as proving the testimony given by five alienists for the defense that she was suffering from paranoia.

Miss Lusk listened to the closing argument of the state with hardly a trace of emotion but broke down in tears after the state had gone to the jury and sobbed in her father's arms.

Dr. Roberts who had been absent from court while he was denounced in the closing arguments of counsel for the defense returned this afternoon to hear the state complete its case.

Seven mail clerks have been accounted for but an eighth, whose name is not known has not been found and it is believed his body is still in the wrecked mail car.

The body of A. F. Gollinvaux, Waterloo, fireman, has not been recovered and it is believed his body has been badly mutilated. A. C. Widmer, Dubuque, has not been found and it is also believed his body is still in the wreckage. Little progress was made in clearing the wreckage and it is believed that traffic will not be resumed before Friday.

Waterloo, Ia., May 29.—Four persons are known to be killed and at least twenty injured when Illinois Central passenger train No. 2, westbound, was wrecked near Applington, 39 miles west of here early today. Frank Higley, Chicago.

Higley and Dake, express messengers, are in a critical condition. The others were burned, cut and bruised more or less seriously.

Officials of the road issued a statement in which it was said that a cloudburst in the vicinity of Parkersburg last night weakened the bridge over Beaver Creek and the structure started across it.

The train was running at a moderate rate of speed when it encountered high water. When the engine started over the bridge at Beaver Creek, near Applington, the structure fell. The locomotive plunged into the bank, while the chair car, the only day coach on the train, keeled over on its side.

Many passengers were injured by flying glass. Ground in the vicinity of the wreck was a miniature lake and passengers were forced to remain in the cars. The occupants of the Pullmans were uninjured.

"LIMITED SERVICE" MEN TO BE CALLED

WASHINGTON, May 29.—Two hundred thousand men of draft age who because of minor physical defects have been held by examining physicians over the country for limited military service are to be employed in producing or handling equipment for the army.

Provost Marshal General Crowder announced tonight that the army staff corps will utilize the service of these registrants and thus release fighting men for the front line.

General Crowder today issued the first call under the new plan. Orders went forth to governors of states for upwards of 9,000 men for service in service production for airplanes. The men will be allowed to volunteer until next June 6. After that date a report will be made to the provost marshal general and if there are not sufficient volunteers allotments will be made to the various states to be filled by involuntary induction.

INDUSTRIES BOARD FORMALLY CREATED

Designated As a Separate Administration Agency To Act for Him Under His Direction.

Washington, May 29.—Under an executive order announced tonight President Wilson formally created the war industries board as a separate administrative agency to act for him and under his direction with all the duties and powers informally conferred by the president last March in a letter to Bernard Baruch, chairman of the board.

Many of the powers delegated are vested in Chairman Baruch, who is the president's right arm for war production. The board, originally a great division of the council of national defense, has been exercising a wide powers for three months but its creation as a distinct branch of the government under the president has awaited the enactment of the Overman bill authorizing the president to re-organize government agencies. Besides exercising supervision over virtually the entire industrial fabric of the nation, with power to commandeer plants or take other drastic steps to assure adequacy of war supplies and speed up production, the board directs purchasing for the allies, eliminates competition for supplies between the various departments of the government, has power to allocate materials and contracts and curtail the output of non-essentials and fixes prices to be paid by the government. Not the least important effect of the board's work is its influence in obtaining for the public the same prices that the government pays.

WITH THE BRITISH ARMY IN FRANCE, May 29—By the Associated Press.—Further enemy counter-attacks against the American troops, who yesterday stormed their way into Cantigny, have been repulsed, and at latest reports the overseas men were holding their positions in the shell torn village strongly.

The Germans delivered their first counter thrust last yesterday in an effort to regain the defenses which had been wrested from them in the morning along a two kilometer front. The enemy drive was preceded by a heavy bombardment which began at five o'clock in the afternoon. After thirty minutes of artillery preparation the Germans advanced, but were caught in an intense fire from the American guns and were apparently forced to retire without having come into close contact with the American infantry. Since then the enemy has made additional attempts to drive the Americans from the village, but without avail.

PROTEST AGAINST REMOVAL OF SOLDIERS

WASHINGTON, May 29.—The governors of Minnesota, Nebraska and Iowa called on Secretary Baker today to protest against orders for the transfer of 5,000 national guardsmen from the thirty-fourth division to fill up another organization about to go overseas. They urged that the state units in the thirty-fourth be not broken up.

The governors said they did not want to interfere if military exigencies demanded the transfer but suggested that if possible the men needed be drawn from the National Army or from new organizations or regular units.

A HERO.

The story of how a French boy died a hero is said to have been found on the body of a dead German.

"Traitor has just been shot— a little French lad belonging to one of those dramatic societies which wear the tri-color buttons. The poor little fellow in his infatuation wished to be a hero. A German column was passing a wooded defile and the boy was caught and asked whether the French were about. He refused to give information. Fifty yards

further on fire was opened on us from the cover of the woods. The boy prisoner was asked in French if he had known the enemy was in the forest and he did not deny it. He went with a firm step to the telegraph post and stood up against it with a green vineyard behind him and received a volley of the firing party with a proud smile on his face. Infatuated boy; it was a pity to such wasted courage."

COME AND PRAY.

(May 30, 1918.)
Come ye with tears oh come ye with flowers
Bugle and fife and beat the drum
Come in the Maytime of bright sunny hours
Come ye with chaplets for memory, come.

Come ye for boys gone down in the sea
Under the wave the dark cruel wave
Come ye the loyal Columbia's free
Come ye remembering the true and the brave.

Come ye with tears on come ye with prayers
Strewing the flowers for the noble and the true
Come ye and honor the soldier who dares
Come ye beneath our Red White and Blue.

Pray ye a prayer whilst twining a wreath
Under our flag in its beauty unfurled
Pray for return of the sword to its sheath
Pray for our boys oh pray for the world.

CHEERS AND TEARS FOR SOLDIERS.

"I have but one sentiment for soldiers, living or dead. Cheers for the living and tears for the dead."

This was the sentiment spoken many years ago by a famous American orator, and it well voices the sentiment of all patriotic people today. Possibly with a greater feeling than ever before men and women of the nation—people young and old—will today join in paying reverence to the memory of soldiers who fought in earlier wars. Their thoughts, too, will be upon soldiers of the present day, as they think that the young men of this generation are offering their lives that the liberty for which soldiers of earlier days fought and bled may be preserved. Tears for the soldiers who are gone and cheers for the soldiers who are here is indeed an appropriate sentiment for the day, and Decoration day in truth will have a greater meaning for more American homes than has ever been true before.

Inevitably there must be touches of sadness with Memorial day observance, but after all, the flowers and music and gladness will predominate. The real thought of the day will be a great thankfulness that the sacrifices of the earlier soldiers were not in vain and that this great land of freedom was permitted to grow and extend and become the haven

of refuge for the people of all the world seeking freedom from the domination of kings. With this thankfulness will be coupled the firm belief that the present world struggle will not change America's position in this regard. This will still be the land of the free but the war struggle will so increase the strength of democracy that those who love freedom can find it on either side of the great Atlantic.

RIPPLING RHYMS

By Walt Mason

Talking Too Much
I often wring my hands and mourn, and oftentimes I get in dutch, and all the troubles I have borne have come because I talked too much. I can't restrain my eager jaws, when there's a chance to spring hot air; I argue every human cause, and every subject, everywhere. The less I know about a theme, the more warm platitudes I shed, I talk until my hearers scream, and bounce a brickbat on my head. I used to have good friends in town, with high class men I was in touch, but it is because I talk too much. I see our leading business men conceal themselves when I draw near; they will not show themselves again until they find the landscape clear. When I arise to hand out slush, to make a little timely speech, the auditors get up and rush for all the fire escapes I reach. I know it's my besetting sin, this thing of talking all the day; but when at spilling men begin, it's mighty hard to break away. I'm always trying to reform, but when I see a chance to talk, I paw around and rant and storm, and push pink language round the block. Then people bat me on the dome with wooden leg and club and crutch, and tell me I should toddle home and stay there, for I talk too much.

An Immortal Man.
Old Hindenburg, whom Teutons praise, should draw ten dollars or ten days. His name each day, in lurid tints, appears in all the public prints, and always linked with some punk deed that makes the reader's bosom bleed. He is so keen to fight and slay, he desecrates the Sabbath day, and makes men in the trenches work, who'd rather be attending kirk. His misdeeds never cease; some new disturbance of the peace is charged against him every day; he shoos the statute books away. Discharging firearms is his fad; although there is in every grand a law forbidding men to shoot—but laws don't worry that old Teut. He trespasses on farmers' land, and spoils the crops to beat the band. "No Hunting" signs he doubtless sees, for they are nailed up on the trees, but signs don't stop this lawless Hun, with his long range breech loading gun. We may be sticklers, even cranks, but we grow weary of his pranks. A little nonsense now and then is relished by the wisest men, but when a cut-up takes no rest, but plays his tricks with growing zest, and spoils our hats, and steals our sleep, and fires our whisks while we sleep, our patience soon or late will fail, and we'll escort him to the jail.

TIME FOR VOLUNTEERS IS VERY BRIEF

Sergeant Stirling in Charge of Recruiting Here Calls Attention to Department Ruling.

Sergeant Stirling, local recruiting officer for the United States Army, with headquarters at The Armory, stated yesterday that it behooves every young man wishing to enter the army and wanting to choose the branch he will enter to act at once.
If the men who have attained the age of 21 years since last June wait until June third or fourth it is doubtful if they can be accepted for enlistment. All these men must register June 5th and after registration they will not be permitted to enlist either in the regular army or in the National Army through the local boards. They will be subject to call without notice and will have no chance to make a choice of the branch of the service which they would enter.

The sergeant has secured four men during the last two days, and seventeen so far this month. The recent recruits were: Vern V. Lucas, of Chandlerville, Rural Route No. 2, who enlisted for the field artillery; Emer H. H. G. Baer, of Ardenville, Rural Route No. 2, engineering corps; Vern E. LaMasters, Beardstown infantry; and George M. Hart, 330 Fulton street, Jacksonville, infantry.

Peoria Ill., May 27, 1918.
"As intimated in recent press reports from this station, men who are required to register June 5, are urged to enlist promptly if they care to be accepted. An additional reason over that heretofore given is that the Government, having so many men passing thru the Recruit Depot in the United States, including now many drafted men, is unable to take care of the great rush similar to that of last December, when so many men enlisted within a few days to take advantage of the final chance of volunteering. Special instructions have been received from Washington to limit the enlistments to the capacity of Jefferson Barracks. Inasmuch as there will be a heavy rush just prior to June 5th, men are urged to enlist this week. Furthermore, no men who are due to register June 5th will be accepted unless they can be examined and sworn into service before June 5th. Such men should enlist this week and next, and in view of the expected rush there is no doubt that men can be accepted next week, if the capacity of Jefferson Barracks will not permit their enlistment. Privately, no chance is given for these men to volunteer after register June 5th.

All Postmasters in the district are authorized to accept volunteers, and to wire any of the stations regarding transportation.
"Harry E. Mitchell, Captain, U. S. A., Retd., Recruiting Officer."

Members of Company C, who have not received legions can secure them by calling at FRANK BYRNS' Hat Store before noon today.

A TRIBUTE

Today dawned another Memorial Day. Peace Day we have considered it in the past; a day sacred to the memory of Civil War soldiers but the Decoration Day of this year does not suggest peace alone; it is mingled with unrest, new strife and new sacrifices on the part of The Greatest Republic. From the remnant of the once Grand Army we might expect indifference or even impatience at the prospect of changed conditions and renewed conflict but instead of such spirit we see courage and fidelity practised by these pathetic old men who have done their bit long since with but little pay and without comforts. Their patriotism was based upon pride and faith in their government.

Thoughts of remuneration had no place in the minds of these heroes. They were sturdy men who were willing to fight for principle. Whether a monument be erected to their memory in the present year or not their example will remain in the minds of all worthy citizens.

MISS ELLA KING MORRISON
A recent issue of the Omaha World-Herald had a picture of Miss Ella K. Morrison, with this description: "Miss Ella K. Morrison, Wayne, Neb., is one of the eleven Nebraska women recommended by State Director Judson for Red Cross canton service in France. Washington is now considering these recommendations."

Miss Morrison is the daughter of John G. Morrison, formerly of this city and his wife Mrs. Ella King Morrison. As is well known Mr. Morrison was a member of the 1st Illinois. Miss Morrison spent most of her life in Lincoln, Neb., going to Wayne after the death of her mother in 1915. She spent a year or more in Europe some years ago and has acquaintance with foreign languages. She has been in Red Cross work in Wayne.

NOTICE, AUTO OWNERS

Phone Exemption Board Office
This morning if you can aid in transporting escort for National Army Men This Afternoon.

In order that the drafted men may not be slighted in the matter of a proper escort from the Opera House to the Wabash Station it will be necessary for a number of car owners to aid in transporting the members of the G. A. R. Liberty Band, and a detachment of Co. C from East Cemetery to the Opera House. The parade, G. A. R. services at the Centenary church, and usual Decoration Day program at East Cemetery, will occupy a large part of the afternoon, and the members of the organizations above noted will be unable to return to the square a time to escort the departing national army men to the 5:20 train unless enough patriotic automobile owners present themselves at the cemetery not later than 4:15 to bring the escorting delegation to the city.

If you are a car owner and can aid in this patriotic service phone the exemption board office this morning, so that an estimate can be made of the number of cars to be depended upon.

The men to leave for Fort Thomas deserve the proper recognition for their loyalty and should have the mark of respect recorded preceding contingents.

Services at Fort.
The patriotic services for the men to go to the Grand will be held at 4 o'clock. Manager Harold Johnson announced yesterday that he would give an early show this afternoon and the house would be cleared at 3:45 o'clock.

HONOR TO THE MEMORY OF A FORMER EDITOR

In the Bloomington (Indiana) graph of yesterday an article begins as follows: On the eve of the celebration of the 62nd anniversary of the Republican Party here today it is timely to recall the famous meeting of pioneer editors at which time the convention of the party held here, May 29, 1856. The meeting of newspaper men was held in December, Feb. 22, 1857. Not one who attended that gathering survives. Paul Selby, the editor of the Jacksonville Journal, was the first to suggest the gathering, writing an editorial which appeared in Dec. 1855, suggesting that all editors who were opposed to slavery get together for the purpose of agreeing upon a line of policy to be pursued in the campaign of the following year.

ON ACCOUNT OF DECORATION DAY OUR STORE WILL BE PROMPTLY CLOSED AT 12:00 O'CLOCK. J. HERMAN.

IN MEMORIAM

In sad but loving memory of our dearly beloved wife and mother who died four years ago today, May 30, 1914.

What is home without a mother? All the things the world may send.

For when we lost our mother we lost our dearest friend.

She wore the crown of patience through the years she struggled on.

And those hands that rest forever were the hands that made our home.

Mother, we are lonely and we miss your loving face. But you left us to remember, none on earth can take your place.

DR. GAILEY BUSY.
The following from an exchange refers to a former Jacksonville man:

Repairing the eyesight of boys who return from the front is the duty of Dr. Gailey, who is situated now at the military hospital, Lakewood, New Jersey. Lieut. Gailey has been made head of the eye, ear and nose division of the surgical department of the hospital. He writes that the hospital is filling up rapidly and that his work keeps him constantly busy. It is most possible that Dr. Gailey will not sail for Europe, for men of his profession are needed more on this side of the Atlantic where patients are brought for treatment. No eye, ear and nose doctors have been sent across, it is understood, since fore part of the winter. The doctor's wife and baby are located there with him and all the family is hale and hearty.

THRIFT STAMP MEETING.

A meeting in the interest of the War Savings and Thrift Stamp campaign for Morgan county was held at Oak Ridge school house south of Asbury Wednesday evening. The crowd was not as large as was expected but what it lacked in numbers it made up in enthusiasm and patriotism. Addresses were delivered by Rev. W. H. McGhee and

ed by Rev. W. H. McGhee and Justice Wright of Murrayville and Judge W. E. Thomson of the city. Music was furnished by the I. O. O. F. quartet composed of Maurice Peckham, James Cuyette, Ben Denny and William Baptiste. When subscription were asked for War Savings Stamps the total was \$1,700, an amount from \$10 to \$600. The Jacksonville party was taken to Oak Ridge by George L. Riggs.

TWO LAWYERS

By Ensley Moore

(Member Illinois State Historical Society)

Two Lawyers

"The intelligent public" is not often allowed to be ignorant of lawyers in its midst. In fact, the "limbs of the law" seem to feel that the public would not be intelligent if ignorant of the wind us-

It is singular how many young lawyers will come to a place, and soon fit away, like the well known humble bee. Often these are men of high ability, who make good elsewhere, after failing to get much good out of our flowers.

This generalization reminds the writer of an incident, showing how people come and go, are recognized, and often forgotten. The story is this: About twenty-five years ago, the writer was the host of Col. Wm. H. Edgar, then of Beatrice, Neb., and was taking Edgar around in his carriage, looking at places formerly well known to the visitor. Finally Col. Edgar turned to his wife and said:

"You have no idea of the changes in this town in the last twenty-five years!"

The writer interposed his view as follows:

"There have been just as many here that you know nothing about."

Each speaker referred to changes among residents, rather than in material things.

Among them have been persons who have been here, been prominent, and gone; and even their names are known to few present time residents.

Among such may be mentioned The Hon. Henry J. Atkins.

Mr. Atkins came here a little while before the Civil War, and hung out his shingle.

He was a native of Mt. Vernon, Mo., where he was born Feb. 23, 1835. He was the oldest son of Joseph and Eunice Atkins. He entered Bowdoin College, Maine, at an early age, but was compelled to give up his course before com-

pleting it, owing to ill health. He made a trip out West, into the territories, and afterwards located here, in 1858.

Mr. Atkins was a man of unusual mental ability, and of fine personal appearance, so he made good headway in his profession. He was a man of very strong views, and expressed them strongly. Naturally, he was a pronounced Republican, and strong supporter of Yates and Lincoln, respectively, for Governor and President. So it was not surprising that Mr. Yates took him to Springfield as private secretary. He did not retain the position long, and returned to his professional business here. He became State's Attorney of this district for a time. In 1869 he was a member of the Constitutional Convention, which framed the instrument of 1870, being next to its youngest member.

Mr. Atkins was married, December 15, 1861, to Miss Laura A. French, daughter of the late Samuel French, a leading farmer and pronounced Republican of the Bethel-Chapin neighborhood. Miss French was a sister of Arthur L. French, now a well known banker here.

Mrs. Atkins was of the finest and best looking women of our county. They were the parents of three children, but one of whom now survives, Herbert F. Atkins, who married Miss Helen Dawson, and now resides out West.

Mr. H. J. Atkins died young, December 4, 1870.

E. M. Sanford.

The second lawyer referred to in beginning this sketch was E. M. Sanford. He was born in Middlesex county, N. J., September 24, 1838. He was the second son of Eliam and Jerusha Sanford.

Mr. Sanford came here in 1859, and had a marble establishment at the northwest corner of the first alley off of West State street, west of the Square. He was suc-

cessful in this, but turned to the study of the law, to which profession he was admitted. He entered into partnership with Edward Dun, then a bright young lawyer here, about 1870.

Mr. Sanford was married March 4, 1862, to Miss Elizabeth Gregory, sister of the present Mr. A. R. Gregory. At first they lived in the old Fleming Stevenson house, on West State street, and afterwards built a large house, with fine grounds, on S. Clay avenue, beyond Morton avenue.

They were the parents of three boys and one daughter. The boys are now well established in California and Oklahoma. Mr. Sanford was one of our handsomest young ladies.

Mr. Sanford left here, probably in the '70s, going first to Jamestown, N. D., and afterwards to San Diego, California, where he now resides.

As illustrating the American habit of "moving," it may be remarked that Mrs. Gregory's parents came here from Pennsylvania. So the two families, or parts of them, have followed a long trail from Jersey and the Keystone state to Illinois, then northward almost to Canada, and then southward, almost to Mexico, where the Pacific stopped their land travel.

PARK BOARD HELD REGULAR MEETING

Action Taken on a Number of Minor Matters—Special Police for Central Park Today.

The park board met in regular session at the library building last evening.

Special arrangements were made to police central park today and keep people off the newly started grass in order to give it a chance to grow. Several men have been employed and it is hoped the public will cooperate in maintaining the beauty so well established in that prominent place in our city.

The chair reported that he had an opportunity to buy a very desirable horse for much needed work and his action was approved. Supt. Schaefer reported that he had one of his best with the tall grass on the south side of the lake. The trouble was that rains have made the ground so soggy it was impossible to get a horse over the ground with a lawn mower. He had during the day taken the team and had been able to accomplish considerable but it had to be with the heavy roller mower as the triplex was too delicate a machine to be used on that ground. Everything possible will be done to get and keep down the grass as fast as circumstances will permit.

As the triplex mower bought last year needed repairs and there was danger in having but one in case of breakage it had been deemed advisable to buy another which had been done.

Secretary Brennan was instructed to secure some warning signs to be placed about the new monkey cage requiring people not to annoy the animals and not to get too near the wire screen, especially keeping children off from the ledge about the cage.

Supt. Schaefer reported that he had removed all the rubbish and refuse from the old monkey quarters and left the frame of the structure there. It was decided to take the lumber from the unused building and use it for the custodian's house and side up the frame of the old monkey house, make the whole clean and sanitary and have it for a dressing room for women bathers this year as the board has not the means to construct such a bath house as would be desirable and in keeping with the general character of the park. The two small structures now there can both be used by men and a spring board will be placed in position.

The chair reported some of the apparatus in the first ward playground out of order and that he had given orders to have it repaired at once.

Mrs. Hollinger, committee on pavilion chairs was instructed to buy two dozen new chairs and have the old ones repaired as far as practicable.

The matter of a custodian for the first ward playground was deferred.

Various bills for labor, material and other purposes were ordered paid.

REQUEST TO DECORATE

It is earnestly requested that business houses and offices be decorated for Thursday, Memorial Day. This will greatly assist in the patriotic observance of that day.

By Order of the Decorating Committee.

BIG SHOW AT DECATUR

Decatur people are preparing for a "made in Decatur" show which promises to be the biggest of the kind that the city has ever had in many a year. The exhibit will be displayed at the Comet Automobile factory building, which is the finest place of the kind that the city has ever had. In some previous shows it has been necessary to limit the exhibits because small space available. This time the spacious Comet building will make it possible for the exhibit to spread out in a manner not previously possible. The main building is 600 feet by 150 feet in dimensions.

AT CAMP SHELBY

Hume T. Whitacre sent a card to the Journal upon arrival of the ninety seven men who left Jacksonville Saturday for Camp Shelby. The men reached the camp a few hours late. As other troops were also arriving it was necessary for them to stand in line for several hours waiting to be assigned to their quarters. Their first meal in camp was served at 11:30 o'clock Sunday night and the bill of fare was one of the best the soldiers found mighty interesting.

Columbia has consented to be present in the Memorial parade today.

IS ON HIS WAY

Mr. and Mrs. Asa M. Robinson received a letter yesterday from their son Frank Robinson. The letter was written on board a train enroute to the point of embarkation for "Over There". Mr. Robinson said that the time the letter reached Jacksonville. He is with the 39th Heavy Artillery. In his letter Mr. Robinson said that Harry Barnes who left here at the same time and was assigned to the Engineering Corps was also on his way. These young men left Jacksonville just four weeks ago so it seems that not much time is being wasted in sending the men across.

RUSSELL MCCONNELL ARRIVES

Mrs. J. W. McConnell, 245 Sandusky street, yesterday received a card from her son Russell, that he had arrived safely overseas. He sailed two weeks ago today. Mrs. McConnell also had a card from him Saturday which had been mailed at sea.

AT CAMP SHERMAN

Mrs. Elias Taylor of 310 East North St. has received word from her son Frank that he is now located at Camp Sherman, Chillicothe, Ohio.

RED CROSS SUBSCRIPTION FIGURES

The work of compiling the records at the Red Cross headquarters is still in progress and some subscriptions are coming in daily. It will be noticed in the table below that Alexander now has a subscription of \$4,579.25. If this patriotic precinct adds \$58.75 to this fund the splendid record of having raised 300 per cent on the quota will result. It is practically certain that this amount will be raised.

The subscription for Markham precinct includes \$129.40 raised by the women of the Markham branch of the state council of defense. The women are very active in their work of raising money for this fund. The figures for the fourth ward include the goodly sum of \$1,300 collected at Jacksonville state hospital. The people there all seem to be willing to do a generous part.

C. E. Dozier, a veteran carpet salesman, visited his old time friends Andre & Andre yesterday instead of having two or three express wagon loads of samples he had but one trunk and that was only partly filled. He represents one of the largest carpet jobbing houses in St. Louis and has been on the road for many years but says carpet making is now but little done comparatively as the government is commandeering wool and factories for army supplies. He said the firm of Alexander Smith & Co., the largest manufacturers in the world were using their 12,000 employees had looms for making army clothing material, tent ducking and the like and so were able to hold their force.

Catarrh is caused by millions of tiny disease germs that infest the blood. When they attack the delicate membranes and air passages of the nose and throat, you can never get rid of them by sprays and atom

Children Cry for Fletcher's CASTORIA

The Kind You Have Always Bought, and which has been in use for over thirty years, has borne the signature of and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS Bears the Signature of *Charles H. Fletcher* In Use For Over 30 Years. The Kind You Have Always Bought

First, Glad to try Nujol— then Glad to Recommend it.

Many endorse Nujol by letters, briefly and convincingly, as follows:—

NUJOL LABORATORIES, STANDARD OIL CO. (New Jersey), BAYONNE, N. J.

Dear Sir:—

I used only three bottles of Nujol; received extraordinary results; and am now as "regular as clockwork."

Yours truly, Paul Hugo Pfendsack, Clarion, Pa., Dec. 26th, 1916. Supt. Lake Erie, Franklin & Clarion R. R. Co.

Thousands of grateful people write such letters as this, saying that results are "better than expected." Remember that in many cases Nujol has restored regular bowel habits after long-continued use of pills and salts had made the bowels weak, ineffective and dependent. The purity and remedial excellence of Nujol make it the safest, most desirable constipation remedy known. Nujol relieves the bowels without stimulation, griping or unpleasant reaction. Because of its purity the smallest child can safely use it. Don't weaken the body with salts and physics. Use Nujol and be "regular as clockwork."

ABSOLUTELY HARMLESS

There are no substitutes —there is only Nujol.

At every drug store. Send 50c. and we will ship new kit size to soldiers and sailors anywhere.

Senreco

THE TOOTH PASTE THAT REALLY CLEANS

Mr. Robert Williams, Sales' J. Mo. December 27th, 1917.

Dear Sir:

You are right when you say in yours of December 24th that Senreco is a remarkably good tooth paste and that it has a strong story to tell, but the difficulty lies in putting that story in such language as will convince the public.

The Senreco story of a medicinal paste that not only cleanses the teeth but also keeps mouth and gums healthy, when put on paper does not sound very different from the story of just any ordinary dentifrice.

For that reason we make every effort to get the people to try Senreco. After that Senreco tells its own story - and fully 90% of them are Senreco users and boosters from then on.

There is a Senreco user in Pittsburgh who has introduced our product into the families of thirty-four of his friends. Enthusiasm? No, not entirely. Simply a case of Senreco making good. It is just as stated above. If they will try Senreco - if they once become acquainted with a real dentifrice - with what a dentifrice can and should be - they are Senreco boosters from that time on.

Your druggist or toilet counters can supply you with Senreco. It comes in large, two ounce tubes and retails at 25c.

Why not get a tube to-day? Try it. We stand behind every package of Senreco with a money-back guarantee.

Very truly yours, SENRECO, CINCINNATI.

ORDER GOVERNS PRICE OF WHEAT SUBSTITUTES

U. S. Food Administration Issues Rules Governing Margins and Profits on Substitutes for Wheat Flour—Price Still Beyond Reason in Many Sections.

M. F. Dunlap, county food administrator, has received from the U. S. food administration the following rules governing the price of wheat flour substitutes:

To County and Township Administrators:

Telegraphic instructions from Washington direct that immediate steps be taken to bring about necessary reductions in the price of wheat flour substitutes. The Food Administration had indulged the hope that the natural laws of competition, aided by public sentiment would cause prices of these commodities to seek their normal and reasonable levels. After allowing ample time for the trade to adjust itself to this matter, it is found that in many sections the price of substitutes to the consumer is still beyond reason and you should take action at once to see that these prices are reduced to conform to the following schedule:

Retailers

Retail profits on substitutes should not exceed 16 to 20 per cent (based on selling price) of the particular goods sold. Retailers will produce invoices to verify their costs when requested by an authorized representative of the Food Administration. If margin of profit is found to be in excess of limits above named, the merchant will be instructed to make the necessary reduction and it is the duty of the local and county administrator to see that the order is carried out.

Wholesalers and Jobbers

Wholesale margins on rice, corn meal, hominy, grits, oatmeal, rolled oats, and other accepted substitutes, in bulk (packages of 25 pounds or over) must not exceed 10 to 12 1/2 per cent, and in smaller packages, 12 to 15 per cent based on selling price.

Any gross margins in excess of the foregoing will be regarded as prima facie evidence of a violation of the statute and rules.

NOTICE

All poll tax must be paid by June 1st A. W. Jewsbury, Commissioner of District No. 6.

FORMER RESIDENT TO WED

Dr. Schermerhorn who went to California for his health is greatly improved and is conducting a large chicken ranch.

The son has been engaged in business in Tacoma, Wash. The brother of Miss Allen will be married on June 6th, the same time of Mr. Schermerhorn's wedding and will be associated with him in business in Tacoma.

FORTY SEVEN NEW NAMES ADDED TO CLUB

Maximum War Savings Club Now Numbers 136 Members—Town of Franklin Prominent in List.

Frank J. Waddell, chairman of the Maximum War Savings Club, announced Wednesday that forty-seven new names had been added to the list making the total membership for the county 136.

Speaking of the growth of the club last night Mr. Waddell said: "The town of Franklin deserves especial commendation for its showing in the War Stamp campaign. Of the forty-seven names which are given below twenty-one are residents of Franklin. The men and women of Franklin and vicinity have shown the true spirit of patriotism by backing the efforts of the government with their cash."

Among other things showing the interest in the Maximum War Savings Club is the signing of a pledge card by James H. Jumper of Chicago. Mr. Jumper formerly resided in Morgan county and wished to procure a card from his old home precinct. All of the banks in Jacksonville and the State banks at Alexander and Chapin have become members of the Maximum War Club. CHESTER REEVE NOW AT CAMP MERRITT

Recently Transferred to Eastern Camp from Camp Logan, Houston Texas—Has Words of Praise for Red Cross Work in Behalf of Soldiers.

The letter printed below was received by Mrs. Etta Mason of West Greenwood avenue, from her grandson, Chester Mason Reeve now at Camp Merritt, New Jersey. Mr. Reeve left Camp Logan, Houston, Tex., May 16, and describes in an interesting way the trip to the eastern camp. He says of the Red Cross society, "They are doing a grand and noble work for us and we cannot praise them too much." His letter follows:

Camp Merritt, New Jersey,

May 22, 1918.

Dear Grandmother:

I will write you a letter to let you know how I am. I am feeling fine. We arrived here this morning at 10 o'clock. We left Houston, Tex., Tuesday morning at 11 o'clock, and had a fine trip. We passed thru Illinois Thursday and made a short stop at Decatur.

We have a large camp here with many conveniences. We crossed over to the Canadian side in a ferry boat and also visited Buffalo and Niagara Falls. At Rochester where we changed cars the Red Cross organization had packages of good things for us and we certainly appreciated their kindness. They are doing a grand and noble work for us and we cannot praise them too much. When we stepped at Ft. Worth they gave us a fine "feed" and treated us royally in every way.

I would enjoy coming back home to see you all but I just cannot. I will come when I get back from France.

Your Grandson,
Chester Mason Reeve,
123 Heavy Field Artillery,
Camp Merritt, New Jersey.

WORKING FOR FOOD CONSERVATION

Mrs. Parker Doan as chairman of the food conservation committee of Morgan county is actively at work visiting many of the rural communities. Recently Mrs. Doan met with women of Concord precinct who are thoroly interested in carrying out all the government wishes in this matter of food conservation. Just at present Mrs. Doan is emphasizing the great need that exists for cutting down the use of all flour until the new wheat crop comes in. Mrs. Doan is presenting recipes for many excellent bread substitutes.

STORE CLOSED TODAY

On account of Decoration Day and because of the necessity of re-arranging stock, this store will be closed today and will reopen for business at 9 a. m. Friday. Business came in our closing out sale with such a rush that we were literally swamped with orders. Every effort will be made this morning for the delivery of some of the goods sold and stocks will again be in inspection order tomorrow. The opportunities for money saving bargains on groceries and household necessities are still unbroken, notwithstanding the great number of orders received Wednesday.

MORNING SHOWS AT THE MAJESTIC

On account of the parade this afternoon and in an effort to handle the crowds at the Majestic Theatre today Manager Luttrell announced yesterday that he will give two shows this morning of the great screen production, "The Kaiser, the Beast of Berlin." The great number of people which viewed this feature picture at the Majestic Wednesday were greatly pleased with it and it is probable that even with the morning shows that Manager Luttrell will have his playhouse packed during the entire day today. The time of shows for the day are announced as follows: 9:30 a. m., 11:15, a. m., 1 p. m., 2:45 p. m., 4:30 p. m., 6:15 p. m., 8 and 9:45 p. m.

CLEANING EAST STATE STREET

A number of men and teams working for the city street department were busy yesterday clearing the mud from the pavement on East State street. There was an accumulation of mud there for a number of blocks fully four or five inches deep, and as a result of the work done the street is now very much improved and is in much more passable condition for the Decoration day parade than was previously true.

LOAFERS MUST WORK OR SUFFER CONSEQUENCES

Law Will Be Enforced to Make Men Work Who Are Loafing From Choice—Several in Jacksonville—Chief Davis Says They Must Work.

Chief of Police George P. Davis has received a letter from Barney Cohen, Director of the Department of Labor for the State of Illinois relative to the recent "Work or Fight" order.

The Director of Labor has received an opinion from Attorney General Brundage that action can be had under the Vagrancy Law. There are about fifty or seventy-five healthy bodied men loafing on the streets of Jacksonville and Chief Davis says they must work or "else." The letter from Mr. Cohen is given herewith.

My Dear Chief:—At the present time the man who can work and will not work is a great menace to the success of the allied armies. I believe he is a greater menace than are the German spies.

There is no excuse for any able-bodied man not giving at least forty eight hours a week in industry or on the farm. Men who refuse to give such service should be considered as refusing to help this Government and dealt with according to the only law which at present can be enforced against them, the so-called Vagrancy Law, copy of which is attached. In answer to my request asking Attorney General Brundage whether by involving police powers the law situation could not be improved, the General replied as follows:—

"Replying to your request, I beg to advise that I have given this subject considerable study and am of the opinion that your best weapon for accomplishing your purpose, as far as such can be done, is the so called state vagrancy law."

There has been some legislation covering the points mentioned by you, but none which seems to be of such assistance in this connection. I would therefore suggest that you take advantage of this so called vagrancy law, which is found in Criminal Code chapter 38, sections 270-271, 1915-1916 Hurd's Revised Statutes of Illinois."

I ask for your co-operation in helping us to get reliable information as to the number of loafers—those out of work from choice—and those out of work from necessity. Those out of work from choice can, according to the opinion of the Attorney General, be prosecuted under the Vagrancy Law, while those out of work from necessity can be referred to our Free Employment Agencies, where they will be furnished with employment free of charge.

It would seem that, by working together, we might clear up this situation, so I enclose a self-addressed stamped envelope and would be pleased to hear from you at your convenience as to the number of industrial slackers in your city, and secure your advice as to how many of these may be offered employment by our Free Employment Agencies.

Your very truly,

Barney Cohen,
Director

MEMORIAL

It is fitting on this Memorial day to recall the services of the late Percy Dickinson, drum major of Co. F. 33d regiment, first division, first brigade, 16th army corps, veteran volunteer Illinois infantry. Mr. Dickinson served his country well for four years, three months, twenty three days and his record was one in which his family and friends could well take pride. In days after the war he lived earnestly and his life record was distinctly creditable. His death occurred March 28, 1914.
